

Appendix A - Gibbs Township Roads (Gravel and Paved) DOES NOT INCLUDE SUBDIVISION ROADS

Township paved roads are the townships responsibility to maintain. Project planning should be for biannual crack seal and chip seal as needed or every ten years. Milling and replacement lifts will be determined on an as needed basis.

Township gravel roads are the townships responsibility to maintain. Gravel lifts will be part of the annual contract with Burleigh County Highway Department. Township Officials, not later than April 15, annually must inspect the township gravel roads determined which roads need extra gravel and which gravel/borrow pit (Material Source) to purchase the gravel from.

Future Projects Column: G = Graveling, CS = Crack Sealing, CpS = Chip Sealing, M/L = Milling and Lift, DTC-SP = Deep Transverse Cracks, Spray Patch Crack Sealing.
